Mixed Games Masters

3rd to 7th April 2025

General event terms:

1. All times provided on schedule and structure sheets are to be used as a guide only.
2. Mixed Games Academy follows TDA and the 2024 current procedures.
3. Where TDA is silent on certain procedures, house rules apply.
4. If there is an inconsistency between TDA and MGA rulings, MGA tournament house rules will prevail and TD's decision is final.
5. Full terms and conditions of MGA tournaments can be viewed on our website.
6. Once a financial deal has been made amongst players, blinds will be reduced by 50% to a maximum of 15 minutes per level as determined by the Tournament Director.
7. At Heads-up play, regardless of a deal, blinds will be reduced for non-turbo events by up to 50%. Events with 40min blinds will be reduced to 20mins, Events with 20 or 25 min blinds will be reduced to 15mins.
8. MGA will assist with deals between players provided they meet the following criteria:
 - a. For remaining prize pools of \$50,000 or less, 10% of the remaining unpaid prizepool is to be left for eventual winner.
 - b. For remaining prize pools over \$50,000, 5% of the amount over \$50,000 plus \$5,000 to be left for eventual winner.
 - c. No "deals" can be agreed to for place fixing. The TD may decide to remove or reduce POTS points allocations for any place fixing in their absolute discretion.
 - d. Mixed Games Academy will publish the payouts (both Social Media & Hendon Mob) determined by the payout matrix for each placing (matrix as per terms and conditions on our website) and not include any deals made between players whether they meet the above criteria or not.
9. For games with multiple variants. One complete orbit will be played for each game before changing. The minimum number hands for each variant will, generally, be 6 until the tournament has only 4 players remaining, at that's stage, the minimum number will reduce to 4 hands of each game.
10. Re-draws will be completed for Day 2 of multi day tournaments and upon reaching final table for all tournaments.
11. A 'high card' process will be used to determine button placement and starting game for mixed events. When new tables are opened, this process will be repeated.

12. In hand for hand situations the tournament director will randomise the game order so all tables are playing same blinds/antes/variant so no tables are at an advantage or disadvantage.
13. Final table will have button and game redrawn via high card process.
14. Any advertised 6 handed tournaments may, at TD discretion, be altered to 7 handed. In this case the player behind the dealer button (Cut off) may be "dealt out" to ensure 6 handed play. Should it be necessary to play 8 handed then Cut off & Hijack will be "dealt out".
15. Players may multi-table but are required to act in turn and in the case of being All-in, must remain at their seat. Failure to do so is not consistent with protecting your hand and the TD may declare the hand dead if players abandon their seat and hand at any time.
16. Acting out of turn may result in escalating penalties for repeat offences.
17. For 6 and 7 handed tournaments the final table will consist of 7 players. For 8 handed tournaments the final table will consist of 9 players. This may need to be altered and is within the TD's absolute discretion.
18. The TD's decisions are final and MGA reserve the right to alter tournament terms, conditions and timings as necessary. These changes will be announced and players are encouraged to view these announcements via social media daily to ensure they are well aware of any changes to schedule or terms and conditions.
19. MGA uses a 'single ante' payment system for Stud and NL/PL game variants.
